ABOUT ST. CLOUD TECHNICAL & COMMUNITY COLLEGE

The 2024 Commencement Ceremony marks the culmination of St. Cloud Technical & Community College's year-long 75th anniversary celebration. Founded in 1948, the College offers programs of study that lead directly to employment opportunities in the region as well as transfer options to four-year universities and colleges to pursue a bachelor's degree.

Nearly 5,000 students enroll in credit-based classes annually. More than 70% of the student population comes from the surrounding six counties, with the remaining students hailing from around the globe. In the past two years, more than 99% of the College's graduates who were available to work found employment in their fields of study or successfully transferred to another college or university to continue their education.

Professional photography is provided by GRAD IMAGES. Proofs will be emailed to graduates who provide an address at commencement, at which point they will have the option of ordering from the photographer. If you did not receive an email with your proof, you can contact them at 1-800-628-4509.

NOTE: This program is not an official graduation list. While every effort is made to ensure accuracy in this Commencement Program, printing deadlines may result in omission of some names and use of names of some persons not completing graduation requirements as intended. This printed program, therefore, should not be used to determine a student's academic or degree status. The student's permanent academic record, maintained by the Records and Registration Office, is the official documentation of degree conferral.

ST. CLOUD TECHNICAL & COMMUNITY COLLEGE

MISSION

We provide the education, training, and support necessary for equitable participation in our society, economy, and democracy.

VISION

We are a community of learners rooted in meaningful relationships where everyone belongs and thrives.

SHARED BELIEFS

- ⦿ Education empowers individuals and transforms generations.
- ⦿ Every individual has intrinsic value and every voice deserves to be heard.
- ⦿ Our differences enrich our community.
- ⦿ An antiracist and antidiscrimination ethos is necessary for advancing social justice and equity.
- ⦿ It is our responsibility to ensure equitable outcomes for our students. Each student can succeed.
- ⦿ Innovation, flexibility, and life-long learning are critical for our community to thrive.
- ⦿ Mutually accountable relationships built on trust are essential for our success.
- ⦿ Community partnerships strengthen and sustain us.

DESIRED STUDENT EXPERIENCE

SCTCC is committed to student success, equity in outcomes, and providing an empowering and transformational student experience of:

- ⦿ Educational programs that prepare students for the future of work and life through innovative, flexible, and relevant learning experiences;
- ⦿ Personalized and supportive services that help learners achieve their academic and career goals and meet their non-academic needs;
- ⦿ A welcoming and engaging environment that fosters a sense of belonging through meaningful connections with employees and other students; and
- ⦿ Clear pathways to completion, transfer, and a fulfilling career.

SCTCC will promote this experience by providing:

- ⦿ A caring, inclusive, and culturally responsive community that ensures equitable outcomes for all students;
- ⦿ Streamlined processes that ensure timely communications and delivery of resources and services when students need them;
- ⦿ Proactive, effective, and ongoing supports that guide students in selecting and progressing through their program of study; and
- ⦿ A quality and affordable education in a student-ready environment that meets students where they are and serves the whole person.

St. Cloud Area Vocational Technical School was founded in the fall of 1948 at St. Cloud Tech High School. About 100 students were enrolled in agriculture, business & distributive education, home economics, machine shop, and auto mechanics. In 1966, the College moved to its current location and expansion continued from there, both academically and physically.

Today, SCTCC welcomes nearly 5,000 students a year to earn a credential in more than forty program areas with ninety-plus degree options that lead to high-demand careers.

With the region's increasingly diverse population, the College is at the center of assessing and meeting growing workforce demands while also preparing students for transfer to a baccalaureate institution.

What has not changed in seventy-five years is the unwavering dedication of faculty, staff, and administration to educational excellence, inspiring innovative thinking, fostering intellectual curiosity, and providing professional skill development. Employees continue to deliver the tools and knowledge needed for graduates to succeed in a rapidly changing and evolving world.

We are looking forward to another seventy-five years and beyond.
